## LOCATION

Specialising in in-home photography, I pride myself on styling my shoots in a home environment. Primarily photoshoots take place in your home, in a natural setting and at your pace. Photoshoots at home also allow new parents to feel comfortable knowing there will be minimal disruption to day to day routine. Using minimal 'props' such as your living room lounge, your bed, a comfy beanbag and even just some great window lighting is usually all that's needed to create some beautiful memories!

Have another location in mind? Flick me a message, would love to chat!

### MATERNITY \$400

Just parents. Additional kids \$30 extra

Pregnancy is a very intimate time for Mums. It's a beautiful and yet sometimes difficult journey that you will look back on and feel proud of the first of so many journeys you will take together.

Shoots can be intimate, partnered, with your family or even on location at your favourite beach or garden.

### NEWBORN \$460

Parents & Newborn

Stay home, relax and let me photograph your family in a home where you will grow together in your first days. No need to disrupt routine as some of the most special moments captured are those purely where love is felt, and therefore shown.

---

### FAMILY \$490

4 or more people

Let's get the whole gang together! Family shoots are great fun and a shoot that needs not be missed as a growing family grows! It's especially good to get Mums in front of the camera as I for one, know how rare this occasion can sometimes be. Let me wrangle the kids for you - I come prepared with a bag of (non-sugary) bribes! Pets welcome! At home, in the garden or on location, it's always a cruisy day with your favourite people.

## BIRTH – Vaginal \$1650, Caesarean \$850

Pregnancy is a very intimate time for Mums. It's a beautiful and yet sometimes difficult journey for all involved. You will look back and feel proud of the first of so many journeys you will take together, and your birthing journey is no exception!

Whether you're planning a vaginal delivery, or you've scheduled your C-Section, birth photography is an experience few capture on film but all will remember for a lifetime. Enjoy and capture your journey right up to the moment your brand-new baby takes its very first breath, earth side!

Prices include the duration of time you'd require my services, travel within 30km radius of Secret Harbour WA and unlimited high resolution edited photos on USB delivered to your door as well as private access to your online album.

Please don't hesitate to contact me to discuss the day in a little more detail.
